

MUHAMMAD ASIM

FULL STACK WEB DEVELOPER

KA-120 Islam Nagar C-block satellite town Rwp | +92-312-5818370
<mailto:muhammadasim4927@gmail.com> | <https://portfolio-website-5e57-muhammad-asims-projects-6fc73532.vercel.app/>

Skilled in web technologies and 3D modeling, with a proven track record of designing and developing software solutions tailored to real-world applications. Strong ability to meet client requirements through innovative, high-quality solutions. Highly effective in collaborating with cross-functional teams to deliver projects on time.

AREA OF EXPERTISE

Front End Development
Backend Development

Prototyping
Game Development

3D Modelling
Data Analysis

KEY ACHIEVEMENTS

- **Developed a Full-Stack E-commerce Application:** Built a complete MERN stack e-commerce platform with features like user authentication, shopping cart, checkout, and payment integration,
- **Enhanced UI/UX in Internship Projects:** Improved the user experience for web applications during internships.
- **3D Modeling Expertise in Blender:** Mastered advanced 3D sculpting and modeling techniques, producing detailed organic models and character designs for game development projects.

PROFESSIONAL EXPERIENCE

Web Developer Intern (Remote), Appium Logics Solutions

July 2024 - Present

During my internship at Appium Logics Solutions, I worked on developing and enhancing web applications using technologies such as HTML, CSS, JavaScript, Bootstrap, PHP.

Front End Developer Intern (Remote), Ariesian Tech

Sep 2024 - Present

I am gaining practical experience with technologies like Javascript, Reactjs, and Nodejs mongodb. I am collaborating with the team on projects aimed at enhancing user interfaces and website performance.

EDUCATION

Bachelor of Science in Software Engineering

(PRESENT)

Feb 2022 - Feb 2026

National University of Modern Languages Islamabad
CGPA - 3.30

FSc Pre Engineering (Physics, Chemistry, Maths)

May 2020 - May 2022

Punjab College of Information and Technology
Marks - 1023/1100 Grade - A+

ADDITIONAL INFORMATION

- Completed a comprehensive Upwork course on through “Get started wit upwork” Coursera, demonstrating dedication to continuous learning and professional development.
- Obtained a certificate in Front End Development from the MLSA NUML program, showcasing proficiency in essential front-end technologies and methodologies.
- Participate in coding challenges, hackathons, or open-source projects to further enhance skills and contribute to the development community.
