

MUHAMMAD ASIM

FULL STACK DEVELOPER

KA-120 Islam Nagar C-block satellite town Rwp | +92-312-5818370

mailto : muhammadasim4927@gmail.com | <https://www.linkedin.com/in/muhammad-asim-764a8a273/>

Full Stack Developer with strong expertise in web technologies (MERN stack), data science, and machine learning. Proven experience in delivering scalable, client-focused software solutions – from real-time chat apps to AI-integrated web platforms. Adept at transforming complex requirements into intuitive, high-performance products. Demonstrated success in leading full project lifecycles and collaborating across disciplines. Passionate about building intelligent, user-centric applications that solve real-world problems and continuously improve through innovation and data-driven insights.

Skills		
Front-End Development	UI UX Designing	3D Modelling
Back-End Development	Machine Learning	Data Analysis

- KEY ACHIEVEMENTS**
- **Developed a Full-Stack E-Commerce Platform:** Built a complete MERN stack e-commerce platform with features like user authentication, shopping cart, checkout, and payment integration etc.
 - **Built a Social Blogging Platform (Pluma):** Developed with Next.js, PostgreSQL, Prisma, and GraphQL, enabling posts, comments, likes, and user interactions on a dynamic, scalable platform.
 - **Created a Real-Time Chat Application:** Designed and developed a real-time chat app using the MERN stack and WebSocket technology, enabling seamless, instant communication with features like typing indicators and message notifications.

PROFESSIONAL EXPERIENCE
