

MUHAMMAD ASIM

FULL STACK DEVELOPER

KA-120 Islam Nagar C-block satellite town Rwp | +92-312-5818370

mailto : muhammadasim4927@gmail.com | <https://www.linkedin.com/in/muhammadasim-764a8a273/>

Full Stack Developer with hands-on experience in building scalable, production-ready web applications using MERN stack, Next.js, Node.js, and PostgreSQL. Currently working at HH Tech Hub on ERP systems, with strong expertise in GraphQL, Prisma ORM, JWT/OAuth authentication, and modern deployment workflows using Docker, CI/CD, Vercel, and Railway. Experienced in AI integrations and automation using LangChain, Hugging Face, RAG pipelines, and n8n to enhance application intelligence. Final-year BS Software Engineering student at NUML Islamabad, seeking a strong Full Stack Developer role.

TECHNICAL SKILLS

- **Programming Languages:** JavaScript (ES6+), Python
- **Frameworks & Libraries:** React, Next.js, Node.js, Express.js
- **Databases:** MongoDB, PostgreSQL, MySQL, SQL Server
- **AI/Automation:** LangChain, Hugging Face, RAG Pipelines, n8n

KEY PROJECTS

Final Year Project - Real-Time Virtual Try-On Platform

Flutter, OpenCV, MediaPipe, FastAPI, Firebase

- Developed a real-time virtual try-on application enabling users to visualize clothing using live camera feed and pose detection.
- Implemented body and pose tracking with computer vision overlays for accurate garment alignment.
- Designed the system as a product-focused solution with a roadmap for future enhancement and 3D integration; completed as a 3-member team project.

Social Blogging Platform

Next.js, GraphQL, Prisma ORM, PostgreSQL

- Built a full-featured blogging platform allowing users to create posts, like, comment, and share content.
- Implemented secure authentication using OAuth and role-based access control.
- Designed scalable APIs with GraphQL and managed relational data using Prisma and PostgreSQL.

Full-Stack E-Commerce Platform

MERN Stack, Payment Gateway Integration

- Built a complete e-commerce system with user authentication, product management, cart, and checkout flow.
- Integrated secure payment processing and order management features.
- Developed both frontend and backend components following a full production lifecycle.

Real-Time Chat Web Application

MERN Stack, Socket.IO, WebSockets

- Developed a real-time chat application supporting instant messaging using WebSockets.
- Integrated emoji libraries and enhanced user experience with advanced real-time interactions.
- Ensured smooth frontend-backend communication and optimized message delivery performance.

CERTIFICATIONS

- Google Prompting Essentials Specialization - Coursera, Aug 2025 (AI Prompting, Prompt Engineering)
- Fundamentals of Git & GitHub - Microsoft Learn Student Ambassadors, Jun 2025 (Version Control, Git)

EDUCATION

Bachelor of Science in Software Engineering National University of Modern Languages Islamabad CGPA - 3.25	Feb 2022 - Jan 2026
FSc Pre Engineering (Physics, Chemistry, Maths) Punjab College of Information and Technology Marks - 1023/1100 Grade - A+	May 2020 - May 2022

PROFESSIONAL EXPERIENCE

Full Stack Developer (On-site) – Rawalpindi, HH Tech Hub	November 2025 - present
• Building ERP system features using Next.js, Prisma ORM, PostgreSQL, and Node.js. • Implemented secure JWT/OAuth authentication and optimized API response time by 30%. • Integrated real-time modules using Socket.IO and automated workflows with n8n. • Collaborated in an agile team environment and maintained CI/CD pipelines using Docker, Vercel, and Railway.	
MERN Stack Intern (Remote), 10Pearls	September 2025 - November 2025
• Developed a production-level Notes App with full CRUD functionality using MERN stack. • Implemented logging with Pino, unit testing with Mocha/Chai and Jest, and database integration with MongoDB/MySQL. • Ensured code quality through Git PRs and SonarQube checks, following industry best practices.	
Web Developer Intern (Remote), Appium Logics Solutions	June 2024 - October 2024
• Contributed to full-stack web development using HTML, CSS, JavaScript, Bootstrap, PHP, and Firebase. • Designed responsive interfaces and collaborated with a remote team to optimize UX.
